## **Calamos Wealth Management Website Receives 2018 American Web Design Award from Graphic Design USA**

**Naperville, IL, June 20, 2018** — The website for Calamos Wealth Management, a full-service wealth advisory firm serving individuals and families, is a recipient of a 2018 American Web Design Award. The American Web Design Awards are given by Graphic Design USA, a publication group serving graphic designers for more than 50 years.

Graphic Design USA commended the design team—which consisted of New York-based Leibowitz Branding & Design in collaboration with Calamos Wealth Management’s in-house professionals—for “performance that is exceptional but not surprising given the design firm’s outstanding record of excellence.”

Of approximately 108 websites awarded by Graphic Design USA in 2018, Calamos Wealth Management is the only wealth management firm and one of only six financial services firms represented across investments, insurance, banking and more. Learn more about the awards program at <http://contests.qdusa.com/competitions/2018-american-web-design-awards>.

John Bielski, Vice President and Marketing Director at Calamos Wealth Management, said, “The design team sought to honor the iconic parent investment brand while also calling specific attention to the cornerstone of Calamos Wealth Management’s business—our focus on building close relationships with our clients. The site reflects our heritage and conveniently delivers to clients a wide range of resources, including the innovative *Family Matters* series, which provides inter-generational perspectives on vital wealth management concepts.”
